

Keyword Ranking

Title: Keyword Ranking

Client: Jimmy Lea Engineering & Simulation

Website: <https://www.jimmylea.com/>

Location: Australia

About Client: Jimmy Lea Engineering & Simulation is a consulting firm founded in Sydney Australia with offices in Sydney and Singapore. They deal in conventional and simulation engineering services.

Problem: Client wants to rank his website for certain keywords and improve his visibility over the search engine.

Solution: The client provided us certain keywords and then we stuffed those keywords into the client website and performed the required OFF Page SEO tasks to get the keywords into the ranking.

The OFF Page SEO tasks I did are:-

- Article Submission
- Blog Submission
- Reddit Submission
- Quora Submission
- Web 2.0
- Infographic Submission
- Banner Submission
- Image Submission

Outcome: We perform the required OFF Page SEO tasks for the Keyword ranking. The following keywords are ranking on the search engine for Australia location.

Keywords	Position
Plant hazard mitigation specialists	1
CFD simulation company	1
Engineering & simulation consultants	1
Simulation consultants	3
Blast effects analysis	1
